

# Fancy CD/DVD Sleeve

[Buy Paper Now](#)

To print to the paper's edge after final cutting you must extend your image area to the green boundary box for full bleed.

Any image or text inside the green shaded area will be cut off.

Inside flap needs .25" bleed if you want bleed.

For best results open or import this template at 300 dpi.

**You MUST remove this instruction layer or it will be printed.**

The Paper Mill Store .com is not responsible for print results.
